

South Florida Apnea Challenge 5

October 2019

Grove Scuba and Vortex Freediving are happy to announce the fifth annual South Florida Apnea Challenge (SFAC2019) event! We look forward to another successful and fun competition this coming October 26 and 27.

The format will be the same as in the previous editions. We scheduled the competition in October in order to use the newly renovated FIU Aquatic Center and to give our athletes time to train and be ready for their best performances in 2019. We expect to have many returning athletes and several first-timers signing for a maximum of 16 spots.

As in past SFACs this is a friendly local pool competition for Static (STA), Dynamic No Fins (DNF; short course over 25 yard lengths), and Dynamic (DYN; long course over 50-meter lengths). SFAC is an AIDA and USA Freediving recognized event for all levels - perfect for first-timers or seasoned competitors. We invite all levels to experience a freediving competition, get a national ranking, and maybe qualify for a National Freediving team! We promise all athletes will learn a lot from fellow participants, and winners receive medals and prizes!

The competition fee is \$125 at Grove Scuba. AIDA Rules, Medical Form, and Liability Release are also found on the website (<http://www.grovescuba.com>).
